

Game Antifoam 51

The product information is applicable to the product in the recommended solution for use.
If information about the concentrated product is required, please see the MSDS.

PRODUCT TYPE

Antifoam agent based on silicone

APPLICATION

Game Antifoam 51 is used as a de-foaming agent in all acid and alkaline cleaning solutions within the food industry.

Especially used in applications such as crate washing, blood plants, scalding tanks, and waste water.

The product can also be used in other industries and for other applications, by agreement with Novadan's consultant.

PROPERTIES

Game Antifoam 51 damps all types of foam very effectively by reducing the surface tension of the liquid. Game Antifoam 51 prevents the formation of new foam.

Most optimal effect is achieved by continuous addition.

STORAGE

Containers that have been opened must be carefully resealed and kept upright to prevent leakage. Always store in containers of the same material as the original container. Incompatible materials: Strong acids, strong bases, strong oxidizing agents, and strong reducing agents.

Storage: 0 - 30 °C

Durability: 12 months.

APPROVAL

The product meets the general food law requirements for cleaning chemicals used in food producing companies. This means that the product under normal use and dosage or under foreseeable circumstances does not transfer any components to foodstuff in a degree that may endanger human health.

SAFETY

Please see the enclosed safety data sheet for information about handling and disposal.
For professional users only.

ECOLOGICAL INFO.

The product is easily biodegradable.
The product is not bioaccumulating
No evidence for endocrine disrupting properties.

DISPOSAL

Product is not covered by regulations on dangerous waste.

INSTRUCTIONS AND DOSAGE

Dosage: 0,02%-1% depending on application

Contact time: Within 30 sec

Temperature: 10-85°C

In case of difficult foam, we recommend to call your Novadan consultant.

Please notice, that the effect is reduced in case of too high dosage.

Floor washing machine:

Used in the collection tank of the floor washing machine.

Contact your Novadan consultant for further instructions about dosage and directions for use.
